

# MARAIS

## CONSULTING

LEAD BOLDLY. TRANSFORM INTELLIGENTLY. SECURE EVERYTHING.

### WHO WE ARE

*Marais Consulting partners with boards, executive teams and technology leaders to drive meaningful transformation across digital, AI, cyber security and enterprise technology. All engagements are led personally by Sanja Marais bringing 25+ years of hands-on executive delivery credibility to every client. With a strong track record of securing relationships with the best partners in the industry, we can craft end to end solutions to suit business challenges and opportunities.*

### WHAT WE DO

#### **Digital Transformation & Architecture**

- ▶ Enterprise technology strategy, roadmaps and operating model design
- ▶ Cloud-first infrastructure and enterprise architecture
- ▶ RFP support and vendor negotiation
- ▶ App design, UX prototyping and digital product development
- ▶ National-scale platform delivery across complex regulated environments
- ▶ Technical Due Diligence (M&A)

#### **Cyber Governance & Compliance**

- ▶ ISO 27001:2022 certification — design, uplift and lead audit
- ▶ IRAP assessment and DISP security officer support
- ▶ Essential Eight, NIST CSF 2.0 and GDPR alignment
- ▶ Security-by-design, privacy frameworks and risk governance
- ▶ Board-level cyber risk reporting and control uplift
- ▶ Cyber Security Due Diligence (M&A)

#### **AI Enablement & Innovation**

- ▶ Enterprise AI roadmap design and responsible adoption
- ▶ ISO 42001 aligned AI advisory
- ▶ Automation strategy and AI-enabled operating models
- ▶ Digital venture creation and product commercialisation

#### **Executive Advisory**

- ▶ Fractional CTO / CISO / CIO engagements

- ▶ Board and C-suite technology advisory
- ▶ Conference speaking, chairing and executive facilitation
- ▶ Transformation governance and investment assurance

### WHY MARAIS CONSULTING

**Delivery credibility.** Not advice from the sidelines we have built, run and transformed at scale. From national COVID health platforms supporting 6.8M+ patient visits to global ISO 27001:2022 certification, our track record speaks directly to your challenges.

**Regulated environment depth.** Healthcare, defence and government are our home territory. No learning curve we arrive ready.

**Industry Partnerships.** We have built over 16 years' worth of technology and cyber industry partner relationships across Australia. We will manage any partner engagements and ensure organisations get the best possible outcome.

### TRACK RECORD AT A GLANCE

**25+** years of enterprise technology leadership  
**16+** years of transformation in healthcare  
**\$3.1B** government contract supported with technology and cyber (GHS/Defence)  
**2 years** concept to market-ready product delivery  
**Global** ISO 27001:2022 certification led end-to-end  
**Multi-million \$** digital & cyber portfolios delivered
